Saturday's 2015 Spring Term

Feedback from Dean Smith November 1st 2014

''I called Diamond Swim Academy as I heard they had recently set up in a nearby area to where I live. I was intrigued as to the service they offered as I had heard that they were international swimmers and Olympians.

I was very pleasantly surprised with how easy it was to book my child onto their lesson programme. I spoke to Sarah on the phone, who talked me through the processes step by step and was able to secure a spot for my son on a Saturday Morning at King Edward Camphill for Girls School. I am really looking forward to her starting and cannot believe I will have my daughter taught by international swimmers for such a reasonable price.'

Sarah also talked to me about the ethos of Diamond Swim Academy and I like the small things they do to place a personal touch such as allowing 10 minutes between each lesson to give parents and teachers time to discuss the swimmers progress''
